Facilitation Guidance

Operational issues & institutional arrangements

- We have collected challenges that you identified yesterday.
- For each set of challenges related to operational issues or institutional arrangements please discuss:
 - What are potential solutions for this challenge?
 - Do we have examples of how this has been addressed?

Audiences

- Select an audience that is of interest to you and join the relevant group.
- For this audience discuss:
 - Why is it important to communicate M&E results with this audience?
 - What does this audience want to know?
 - What kinds of communication channels would be most appropriate for this audience?

You have 20 minutes.

Final reflections

- Take two cards:
 - One **lesson** I am taking home from this week.
 - One **request** from my country peers, other participating countries, or the NAP-GN secretariat
