Gift of the United States Government

Implemented by:

		Government of Lucia to protect people, the economy and environment from a more volatile climate.
10:45 – 11:00	Break	
11:00 – 11:45	<p>International diplomacy, where it has gotten us, and the agenda ahead</p> <p>Speaker: Leon Charles, CARICOM (TBC)</p>	The Paris Climate Change Agreement made historic strides in agreeing global action to limit climate change, and adapt to the changes already underway. This session will discuss the state-of-play of the climate talks today, and key challenges ahead in the negotiations.
11:45 – 12:15	Cutting through the jargon	In this quick interactive session, we will invite journalists to list the jargon they have heard throughout the day (acronyms, words not used in everyday speaking) with their ideas for a plain language synonym.
12:15 – 13:15	Lunch	Participants will be encouraged to take 15 minutes off their lunch break to write down story ideas (i.e. imagine a pitch to your editor) related to climate change. The strongest—as determined by our three journalists in the next session—will be awarded a prize.
13:15 – 14:15	Telling the story of climate change	Climate change journalists will share their approaches to telling engaging stories on climate change through
