GCF Readiness support provided to date

\$29.5M for 75 countries

LATIN AMERICA & the CARIBBEAN

27 approved
(USD 6.7M, 20 countries)
13 approved and disbursed
(USD 1.3M, 9 countries)

EASTERN EUROPE

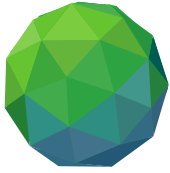

5 approved
(USD 1.5 M, 5 countries)
1 approved and disbursed
(USD 82K, 1 country)

AFRICA

39 approved
(USD 12 M, 31 countries)
22 approved and disbursed
(USD 2.6 M, 21 countries)

ASIA-PACIFIC

30 approved
(USD 9.2 M, 19 countries)
17 approved and disbursed
(USD 1.6 M, 12 countries)

Adaptation Planning support COP21 to present

COP21 (Dec 2015)

Expedite support
to formulate &
implement
national
adaptation plans

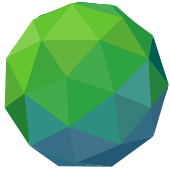

GCF B13 (Jun 2016)

Countries are
invited to submit
requests for NAPs
and/or other
adaptation
planning processes

June 2017

19 countries have
formally submitted
proposals, 2
(Liberia, Nepal)
have approved, 10+
in advanced stages
of approval.

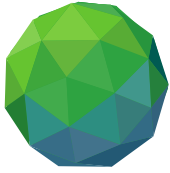

Improved proposal
guidance and
template

Adaptation planning

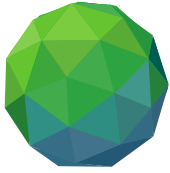

Adaptation Planning Support Progress in 2017

19 draft proposals submitted and under review
2 approved

A light blue world map serves as a background for the following list of countries. The countries are labeled with their names in a dark teal font, indicating where draft proposals were submitted and are currently under review. The countries are: Armenia, Bosnia & Herzegovina, Mongolia, Pakistan, Nepal, Liberia, Niger, DRC, Kenya, Tanzania, Madagascar, Antigua & Barbuda, Dominican Republic, Colombia, Ecuador, Uruguay, and Argentina.

Armenia
Bosnia & Herzegovina
Mongolia
Pakistan
Nepal
Liberia
Niger
DRC
Kenya
Tanzania
Madagascar
Antigua & Barbuda
Dominican Republic
Colombia
Ecuador
Uruguay
Argentina

Adaptation Planning proposal, review and disbursement process

1. Submission

- Proposed by NDA
- Implementation partner defined by NDA (Accredited or non-Accredited)
- Jan 31, Apr 30, July 31, Oct 31

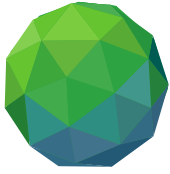

2. Technical review & ED decision

- Secretariat reviews
- ED or designate decides
- Feb 28, May 31, Aug 31, Nov 30

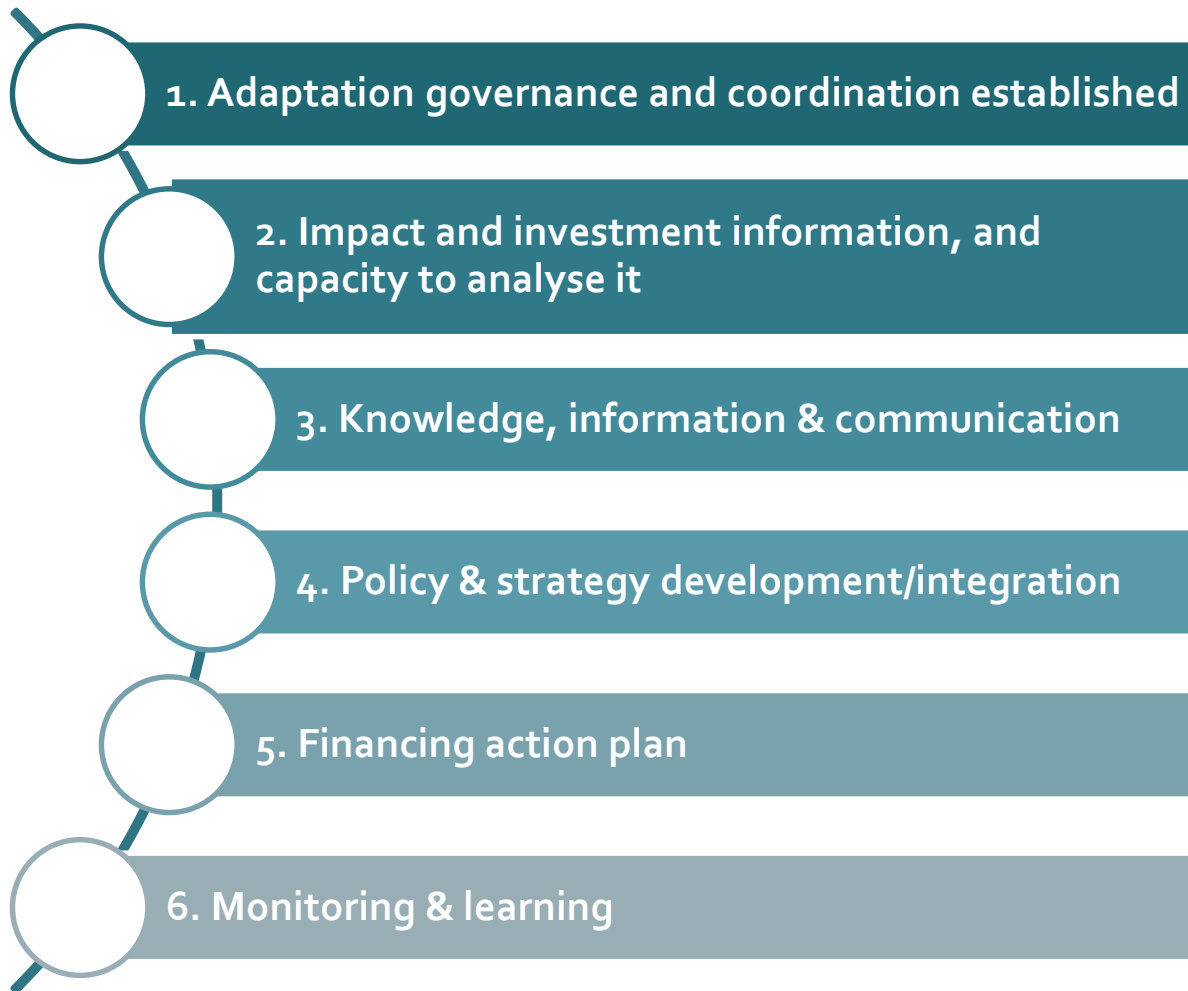

3. Legal arrangements, disbursements, reporting

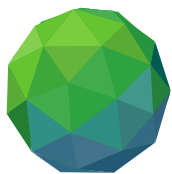

- Grant agreement
- Legal opinion, disbursement request & authorization
- Payments
- Reporting

FUND

Indicative adaptation planning outcomes

(Annex iv in Readiness Guidance)

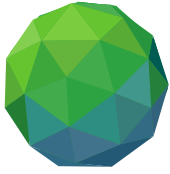

1.	Effective adaptation governance and coordination established
1.1	National mandate and strategy for adaptation planning processes developed
1.2	Institutional arrangements to support adaptation planning processes in place
1.3	Stakeholder engagement process(es) to ensure stakeholders engaged (governments, private sector, associations, civil society, academia)
1.4	Mechanism for regularly reviewing and updating adaptation plan in place
2.	Climate impact and adaptation investment information and capacity to analyse it strengthened
2.1	Available information on climate change impacts, vulnerability and adaptation investments (stocktaking) identified, increased and/or shared
2.2	Climate change impacts, vulnerabilities, and adaptations options identified and prioritised at sector, sub-national, and/or national levels
2.3	Current and future climate change risks identified and prioritized
2.4	Analytical framework and inter-institutional process for identifying and/or prioritising adaptation actions designed
2.5	Capacity gaps and needs for design and implementation of adaptation actions assessed
3.0	Adaptation knowledge management, information sharing, and communication
3.1	System (or coordinated systems) developed for gathering, organising and updating relevant data and information on adaptation
3.2	Relevance, progress and outputs of adaptation planning communicated to stakeholders based on a developed adaptation strategy
3.3	Mechanism(s) for sharing climate information at appropriate scales and timeframe and in accessible formats established
4.	Alignment of country's overall development policy and strategy
4.1	Adaptation actions/measures integrated into national, sectoral or subnational development strategies, plans and budgets
4.2	National, sectoral or subnational adaptation strategies and/or plans produced, validated and/or published
4.3	Implementation strategies for adaptation developed at national, sectoral and/or subnational levels
4.4	Transparent mechanism to help create an enabling environment for sectoral or sub-national actors to access adaptation finance established
5.	Enhanced adaptation finance action plan
5.1	Financing plans for prioritised adaptation actions developed (including public/private, domestic/international)
5.2	GCF country programme linked to adaptation finance action plan
5.3	Concept notes developed for priority interventions developed
5.4	Roadshow with potential financiers for priority interventions undertaken
6.	Monitoring, evaluation, and learning capacity and system developed
6.1	Monitoring and evaluation framework or system for the adaptation planning process and its effectiveness established
6.2	Metrics / indicators and methods for monitoring the adaptation planning process and/or adaptation outcomes defined
6.3	Options for systematically gathering lessons and integrating them into future iterations of the adaptation planning process identified

Examples of activities supported (Liberia and Nepal)

Outcome: Governance and Coordination

- ☐ Effective support for strengthening existing CC coordination mechanism
- ☐ Coordinated strategy and action plan developed to support the planning process
- ☐ Monitoring framework across sectors to be put in place

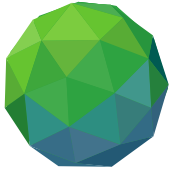

GREEN
CLIMATE
FUND

Examples of outcomes supported (Liberia and Nepal)

Outcome 1: Knowledge, information and communication

- ☐ Risk assessments and economic impact studies in climate sensitive sectors conducted and incorporated in official data systems
- ☐ Effective knowledge sharing platform as a resource for climate relevant planning established
- ☐ Climate Change induced, natural disasters related database developed

GREEN
CLIMATE
FUND

Examples of outcomes supported (Liberia and Nepal)

Outcome: Financing action plan

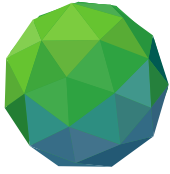

Sector and area based costed investment plans prepared for scaling up adaptation in agriculture and coastal areas that take into account climate change risks and opportunities

Policy options for scaling up financing for adaptation investments identified and recommended

Foster Public Private Partnerships (PPPs) to support adaptation investments.

Additional information requested

(Section 3 in Readiness Guidance)

How the proposed adaptation planning activities will:

- A. Address vulnerability and anticipated impacts of climate change, over time
- B. Complement and integrate with other adaptation planning activities:
 - NAPAs, NAPs and/or other national adaptation plans
 - relevant sub-national adaptation plans
 - relevant sector-specific adaptation plans
- C. Enable inclusive gender responsive stakeholder engagement mechanisms and inter-institutional arrangements
- D. Contribute to:
 - reduce vulnerability to impacts of climate change
 - integration of climate change adaptation, in a coherent manner, into relevant new and existing policies, programmes and activities
