

NAP Global Network Management Team Minutes

December 6, 2017

Present: Anne Hammill, Patrick Guerdat, Na-Hyeon Shin, Meredith Ryder-Rude, Kari Pederson, Kimberley Chretien

1. Cambodia – CSH request on communications strategy

- Request looks straight-forward, we can share with them what we have
- Would be interesting to see what other countries in the region are doing as well

2. Grenada – CSH budgeting request

- 1st request on budgeting seems too big and looks more like an entire program
- Suggestion to take it one step a time and maybe start with just the gap analysis
- What is GIZ's role at the moment? What's next for their support of the NAP?
- Patrick will follow-up with Marion

3. Grenada – CSH M&E request

- Looks great and very detailed but need a bit more time to read through it and provide more feedback on it
- A little concern over the 2 month expected timeline for the project. Too short?

4. TTF

- Looking at the possibility of organizing a field trip
- Invitations sent to countries where nominees have been received
