

NAP Global Network

Strategic questions for
the Network in 2019

Strategic issues for discussion

- **South-South peer learning**
- **In-country support: Being responsive**
- **Engagement with the UNFCCC**
- **Strategic partnerships**
- **Thematic priorities**
- **Knowledge management**

peer learning

Reminder: Phased out Targeted Topics Forums

- Peer Learning Summits open to all countries
- Otherwise, same approach – mix of technical, relational, reflexive...and experiential

Topics for consideration for future Summits

- Monitoring and evaluation
- Gender
- Coastal resilience and displacement

South-South peer exchanges?

- How to move beyond workshop attendance

Need to show they change practice – anecdotal

- How do we gather evidence that they lead to better NAP processes?

in-country support

How to be responsive without compromising quality

- Can see that demand will increase, especially as countries wait for GCF funding to come through
- *As GCF support comes online, maybe not as needed?*

In-country programs – phasing out?

- Many will phase out in 2019/2020
- Depending on funding, TA largely through the CSH

Country Support Hub: Annual quota?

- Can probably handle about 15 a year as currently structured
- *Feedback*

How to build our roster of experts

- To ease some of the quality assurance pressures

UNFCCC

PARIS2015
UN CLIMATE CHANGE CONFERENCE
COP21·CMP11

Engaging with two –three constituted bodies

- Systematically identified entry-points for engagement

Non-Paris issues

- NAPs
- Loss & Damage
- Gender Action Plan

Paris issues – leveraging NAPs for...

- NDC updates / enhancement
- Adaptation communications
- Finance
- Transparency – i.e. Biennial Transparency Report

Does this make sense? Too much? Anything missing?

strategic partnerships

Green Climate Fund

- Knowledge partnership

NDC Partnership

- Global, knowledge partnership
- In-country coordination – 6-10 countries

UNDP-UNEP NAP Global Support Programme

- Gap-filling, especially as countries wait for GCF NAP financing

NAP Ag

- Coordinating on gender work

Support Project for the Implementation of the Paris Agreement (SPA)

- Alignment work

OECD, CDKN

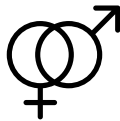

thematic priorities

Finance

- Preparing for GCF support
- Resource mobilization strategies
- Private sector engagement

Gender

- Gender-responsive NAP processes
- UNFCCC synthesis review

Monitoring & Evaluation

- M&E systems
- Indicators
- Progress reporting

Sectoral integration

- Sector adaptation strategies & plans
- Implementation of adaptation in sectors

Strategic communication

- Communicating adaptation
- Communicating the NAP process
- Cross-government communication

Vertical integration

- Models & approaches
- Vulnerability data & information

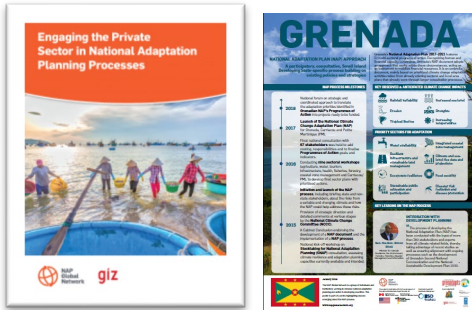

Alignment

- NAP-NDC links
- Sendai / DRR links

knowledge management

Our current range of knowledge products & channels

- Publications: Guidance notes, briefing notes, sNAPshot country case studies, country posters
- Videos, podcasts / interviews
- Webinars: Try to do one per quarter
- Twitter, Facebook, Newsletters

Are these useful to countries for advancing NAP processes?

- If so, which ones are / could be especially useful?
- If not, what can we be offering instead?

Are these useful to donors at all?

- Is there something we could produce that's more targeted to donors?

Are we doing enough or too much?

- Should we be focusing in on a set of products?
