

Peace and Climate Adaptation

Policy coherence for adaptation and resilience

The **EU Action on Policy Coherence for Adaptation and Resilience** brings together the [Centre for Humanitarian Dialogue](#) (HD), the [Berghof Foundation](#) (BF), and the [International Institute for Sustainable Development](#) (IISD) to support regions and countries affected by climate change and conflict in better aligning peace and climate adaptation policies. Funded by the Service for Foreign Policy Instruments, the EUR 2 million initiative supports the *EU Action Document on Climate Change and Security* and runs from October 2025 to September 2028.

Objectives

Contribute to the improved alignment of regional and national policies on peace and climate adaptation in fragile contexts. This will be achieved through two key outcomes:

- **Outcome 1:** Increased knowledge on supporting the alignment of peace and climate adaptation efforts.
- **Outcome 2:** Key actors enhance their skills and capacities for improved alignment between peace and adaptation efforts.

About this consortium

The Action is delivered through a consortium comprising HD, BF, and IISD. HD and BF provide peace mediation and dialogue expertise, while IISD provides climate adaptation expertise and contacts related to NAP processes via the [NAP Global Network](#).

Funded by
the European Union

Key Activities

1. **Development of a methodology for aligning peace and climate adaptation policies.**
2. **Country implementation:** Designing and implementing processes to align climate adaptation and peace efforts in select fragile countries.
3. **Peace and Climate Help Desk:** EU institutions, delegations, and partners can request technical and political advice on peace and climate adaptation.
4. **Dissemination of lessons and recommendations** via peer learning and exchange workshops, policy products, and participation in (EU) learning and policy events.
